ACD200C 200 m	PBPLACD200C

## **Product Description**

Human Peripheral Blood Plasma is either fractionated from a whole blood bag by centrifugation or collected on the Spectra Optia® Apheresis System at the same time as a mononuclear cell collection. The harvested plasma contains a reduced platelet count.

Plasma was obtained using Institutional Review Board (IRB) approved consent forms and protocols.

#### Cryopreservation

Cryopreserved products allow for prolonged storage before use. All cryopreserved products are stored in containers designed and tested for ultra-low temperatures at long time intervals. We normally ship cryopreserved items on dry ice, but can also use a cryoshipper at the customer's request

#### Sample Collection and Processing

All samples are collected on-site at our Stem Cell Collection Center. Samples are quickly processed in our on-site laboratory to achieve maximum viability and quality. Cryopreserved plasma products are frozen at -20°C, and then transferred to a -80°C freezer.

Infectious disease testing for HIV, HBV, and HCV is performed on a sample of donor blood. Only samples with negative results within 90 days of collection are shipped unless approved by the customer. All testing is performed by a CLIA-certified lab.

#### Format

Plasma is frozen in its original collection bag or aliquoted to a sterile conical tube.

#### Storage

Cryopreserved plasma should be maintained at -80°C. Plasma is warrantied for twelve months from the date of receipt if stored at -80°C. Thawed samples must be used immediately.

# Thawing Instructions for Cell Products

Thaw in a 37°C water bath or at 2 - 8°C overnight.

#### Warning

Catalog#

This product contains human tissue or other biological material and MUST be handled at Biosafety Level 2 or higher. All biological products should be treated as potentially infectious or contaminated material, even if infectious disease screening reports are negative. Follow universal precautions and wear appropriate personal protective equipment.

### **Product Warranty**

For our product warranty, please review our Terms and Conditions at stemexpress.com/terms-and-conditions/.
